

CLEAN-UP CREW DUTIES

1. Take buckets in maintenance room to top of Section 11, walk in circle around the arena and pour any liquids you find in arena into buckets. When you get back to your starting point drop down to the next row of seats that has not been done and continue this process until you get to the court.
2. Again start in Section 11 at the top of arena, using the trash bags provided walk in a circle around arena picking up all trash in seating areas and vomitories until you get to the court.
3. Take putty knives that KUAC provides and have four to six people scrape the gum off of the bottoms, side rails, tops, and floor of the stadium seats on the east and west sides of the arena.
4. Take a wet rag and walk around the arena wiping off the tops of all advertisement sponsor signs and the top, bottom, and sides of any handrails in the arena as well as the concourse stair rails from top to bottom of the field house.
5. Again starting in section 11, this time using the blowers provided you; blow the entire arena in a circular motion until you get to the court.
6. In most cases the paper will be easier to pick up if swept into piles.
7. Blow down all steps in the building, third to second and second to first.
8. Sweep all concourse areas (concrete) outside the arena.
9. Sweep both the blue tile hallways after steps have been blown down. Pick up all trash that has been blown down.
10. Again, starting at top of arena, you will mop the entire arena. This is to include all seats, walking areas, and the areas that people place their foot when seated. All steps, decks, landings, and concrete areas must be mopped. This also includes the riser area under the seats.
11. The maintenance person on duty will provide your crew with all supplies that you will need. They will show you where the water is located and where you need to dump your buckets.
12. All trash must be taken to the dumpster on the West side of Anschutz. A pick-up will be provided. When dumpster is full you may pile trash by the west overhead door.
13. DO NOT put trash on any area except for the concrete areas.
14. **On nights when the court must be completely torn down, specifically Saturday night games, the court level East and West bleachers must be picked, blown and mopped before doing anything else!**

***** IF ANY ASPECT OF THIS JOB IS NOT DONE CORRECTLY YOU WILL BE EXPECTED TO RETURN AND FINISH IT CORRECTLY.*****
